PRIVILEGED AND CONFIDENTIAL
SETTLEMENT COMMUNICATION

Attached in preparation for our July 1 call are markups of the Consent Decree and Scope of Work. The markups reflect changes to the documents that the case team for the United States and the State of Indiana would be willing to recommend to the officials with final settlement authority in the interest of reaching an agreement, assuming all other open items can be resolved appropriately. The markups also identify and update the status of several matters that are still under internal review, and identify several areas awaiting proposed language from the PRP group.
